

Indycals

Decal Placement Sheet 2000 Menards, Greg Ray

Notes: References to 'right' or 'left' refer to the driver's perspective. I.e, if you are looking at the car in profile with the nose on the left and the rear wing on the right, you are looking at the left side of the car.

Car should be painted dark metallic green on the lower half, light metallic green on the upper half. Wings were dark metallic green, endplates light metallic green.

- | | | | |
|---|--------------------------------------|----|---|
| 1 | Upper nose | 8 | Top of sidepod |
| 2 | Lower nose | 9 | Side of tub above lower front wishbone |
